Index to Volume 65

PHYSICAL THERAPY

Pages in PHYSICAL THERAPY are numbered consecutively from January through December. Pages in Volume 65, for the year 1985, are numbered 1 through 1950.

	Pages		Pages
January	1–160	July	1017–1160
February	161–288	August	1161–1304
March	289–452	September	1305–1460
April	453–584	October	1461–1638
May	585–872	November	1639–1782
June	873–1016	December	1783–1950

Subject Index

ADMINISTRATION

Physical therapists' notes and outcomes of physical therapy: A case of insufficient evidence. Steffen TM, Meyer AD. 65:213–217, 1985
Using feedback and evaluation effectively in clinical supervision: Model for interaction characteristics and strategies. Henry JN. 65:354–357, 1985

AMBULATION

Effect of load and carrying position on the electromyographic activity of the gluteus medius muscle during walking. Neumann DA, Cook TM. 65:305–311, 1985
Lower extremity weight bearing under various standing conditions in independently ambulatory patients with hemiparesis. Bohannon RW, Larkin PA. 65:1323–1325, 1985
Rate and range of knee motion during ambulation in healthy and arthritic subjects. Brinkmann JR, Perry J. 65:1055–1060, 1985

AMERICAN PHYSICAL THERAPY ASSOCIATION

American Physical Therapy Association awards for 1985. 65:1698, 1985
American Physical Therapy Association Bylaws. 65:1561–1570, 1985
American Physical Therapy Association officers, committees, task forces, and section chairmen. 65:1700–1704, 1985
Conference abstracts—1985. 65:665–744, 1985
Criteria for acceptable manuscripts. 65:1552–1554, 1985
Editor's note. Cardiac caring. Lister MJ. 65:1791, 1985
Educational programs in physical therapy. 65:525–532, 1576–1584, 1985
Membership qualifications. 65:1570–1572, 1985
Membership statistics. 65:1699, 1985
1985 Presidential Address. Richardson RW. 65:1687–1689, 1985
Nominees for national office—1985. 65:375–379, 538, 1985
Report of the House of Delegates session. 65:1697, 1985
State board examinations. 65:532–534, 1585, 1985
Twentieth Mary McMillan Lecture: Great expectations: A force in growth and change. Johnson GR. 65:1690–1695, 1985

AMPUTATION

Air splint in preprosthetic rehabilitation of lower extremity amputated limbs (Clinical Report). Rausch RW, Khalili AA. 65:912–914, 1985
Opinions and comments. 65:1556–1557, 1985
Selective criteria for successful long-term prosthetic use. Mueller MJ, Delitto A. 65:1037–1040, 1985
Usefulness of footprint-sequence analysis in lower-limb amputees. Kirby RL, Stewart-Gray JF, Creaser GA. 65:31–34, 1985

ARTHRITIS

Acromioclavicular joint arthritis treated by mobilizing the glenohumeral joint (Case Report). Cibulka MT, Hunter HC. 65:1514–1516, 1985
Physical therapy competencies in rheumatology. Moncur C. 65:1365–1372, 1985
Rate and range of knee motion during ambulation in healthy and arthritic subjects. Brinkmann JR, Perry J. 65:1055–1060, 1985

BACK PROBLEMS

Function and pathomechanics of the sacroiliac joint: A review. DonTigny RL. 65:35–44, 1985
Incidence of work-related low back pain in physical therapists. Molumphy MAJ, Unger B, Jensen GM, Lopopolo RB. 65:482–486, 1985
Opinions and comments. 65:964–966, 1096–1098, 1236–1238, 1399–1400, 1728–1729, 1985
Reduction of a lumbar disk lesion using the wedge maneuver (Clinical Report). Woodman R, Ralston P, Dufresne M. 65:346–350, 1985

BIOFEEDBACK

Opinions and comments. 65:92–94, 1985

BIOMECHANICS

Biomechanical comparison of rising from two types of chairs. Burdett RG, Habasevich R, Pisciotta J, Simon SR. 65:1177–1183, 1985
Elbow moment and forces at the hands during swing-through axillary crutch gait. Reisman M, Burdett RG, Simon SR, Norkin C. 65:601–605, 1985

BURNS

Factors to consider in the rehabilitation aspect of burn care. Giuliani CA, Perry GA. 65:619–623, 1985

CANCER

Efficacy of physical therapy for patients who have undergone mastectomies: A prospective study. Wingate L. 65:896–900, 1985

Index to Volume 65

PHYSICAL THERAPY

Pages in PHYSICAL THERAPY are numbered consecutively from January through December. Pages in Volume 65, for the year 1985, are numbered 1 through 1950.

	Pages		Pages
January	1–160	July	1017–1160
February	161–288	August	1161–1304

Subject Index

ADMINISTRATION

Physical therapists' notes and outcomes of physical therapy: A case of insufficient evidence. Steffen TM, Meyer AD. 65:213–217, 1985
Using feedback and evaluation effectively in clinical supervision: Model for interaction characteristics and strategies. Henry JN. 65:354–357, 1985

AMBULATION

Effect of load and carrying position on the electromyographic activity of the gluteus medius muscle during walking. Neumann DA, Cook TM. 65:305–311, 1985
Lower extremity weight bearing under various standing conditions in independently ambulatory patients with hemiparesis. Bohannon RW, Larkin PA. 65:1323–1325, 1985
Rate and range of knee motion during ambulation in healthy and arthritic subjects. Brinkmann JR, Perry J. 65:1055–1060, 1985

AMERICAN PHYSICAL THERAPY ASSOCIATION

American Physical Therapy Association awards for 1985. 65:1698, 1985
American Physical Therapy Association Bylaws. 65:1561–1570, 1985
American Physical Therapy Association officers, committees, task forces, and section chairmen. 65:1700–1704, 1985
Conference abstracts—1985. 65:665–744, 1985
Criteria for acceptable manuscripts. 65:1552–1554, 1985
Editor's note. Cardiac caring. Lister MJ. 65:1791, 1985
Educational programs in physical therapy. 65:525–532, 1576–1584, 1985
Membership qualifications. 65:1570–1572, 1985
Membership statistics. 65:1699, 1985
1985 Presidential Address. Richardson RW. 65:1687–1689, 1985
Nominees for national office—1985. 65:375–379, 538, 1985
Report of the House of Delegates session. 65:1697, 1985
State board examinations. 65:532–534, 1585, 1985
Twentieth Mary McMillan Lecture: Great expectations: A force in growth and change. Johnson GR. 65:1690–1695, 1985

AMPUTATION

Air splint in preprosthetic rehabilitation of lower extremity amputated limbs (Clinical Report). Rausch RW, Khalili AA. 65:912–914, 1985
Opinions and comments. 65:1556–1557, 1985
Selective criteria for successful long-term prosthetic use. Mueller MJ, Delitto A. 65:1037–1040, 1985
Usefulness of footprint-sequence analysis in lower-limb amputees. Kirby RL, Stewart-Gray JF, Creaser GA. 65:31–34, 1985

ARTHRITIS

Acromioclavicular joint arthritis treated by mobilizing the glenohumeral joint (Case Report). Cibulka MT, Hunter HC. 65:1514–1516, 1985
Physical therapy competencies in rheumatology. Moncur C. 65:1365–1372, 1985
Rate and range of knee motion during ambulation in healthy and arthritic subjects. Brinkmann JR, Perry J. 65:1055–1060, 1985

BACK PROBLEMS

Function and pathomechanics of the sacroiliac joint: A review. DonTigny RL. 65:35–44, 1985
Incidence of work-related low back pain in physical therapists. Molumphy MAJ, Unger B, Jensen GM, Lopopolo RB. 65:482–486, 1985
Opinions and comments. 65:964–966, 1096–1098, 1236–1238, 1399–1400, 1728–1729, 1985
Reduction of a lumbar disk lesion using the wedge maneuver (Clinical Report). Woodman R, Ralston P, Dufresne M. 65:346–350, 1985

BIOFEEDBACK

Opinions and comments. 65:92–94, 1985

BIOMECHANICS

Biomechanical comparison of rising from two types of chairs. Burdett RG, Habasevich R, Pisciotta J, Simon SR. 65:1177–1183, 1985
Elbow moment and forces at the hands during swing-through axillary crutch gait. Reisman M, Burdett RG, Simon SR, Norkin C. 65:601–605, 1985

BURNS

Factors to consider in the rehabilitation aspect of burn care. Giuliani CA, Perry GA. 65:619–623, 1985

CANCER

Efficacy of physical therapy for patients who have undergone mastectomies: A prospective study. Wingate L. 65:896–900, 1985

CARDIAC

Caradiovascular medications. Ice D. 65:1845–1855, 1985
Clinical manifestations and assessment of ischemic heart disease. Irwin S. 65:1806–1811, 1985
Editor's note. Cardiac caring. Lister MJ. 65:1791, 1985
Epidemiology, risk factors, and pathophysiology of ischemic heart disease. Blessey R. 65:1796–1805, 1985
History of cardiac rehabilitation. Certo CM. 65:1793–1795, 1985
Introduction [Cardiac Rehabilitation]. Nielsen DH. 65:1792, 1985
Long-term compliance. Ice R. 65:1832–1839, 1985
Normal cardiopulmonary responses to acute- and chronic-strengthening and endurance exercises. Kispert CP, Nielsen DH. 65:1828–1831, 1985
Recovery after cardiac events. Davidson DM, Maloney CA. 65:1820–1827, 1985
Scope of cardiac rehabilitation. Atwood JA, Nielsen DH. 65:1812–1819, 1985
Use of transcutaneous electrical nerve stimulation for a patient with a cardiac pacemaker (Case Report). Shade SK. 65:206–208, 1985

CEREBRAL PALSY

Contributions of behavior modification to cerebral palsy habilitation. Hill LD. 65:341–345, 1985
Evaluating the adult with cerebral palsy for specialized adaptive seating. Hundertmark LH. 65:209–212, 1985

COMPUTER COMMUNICATION

Computer communication. 65:90–91, 238–242, 372–374, 539–540, 779–781, 955–962, 1099–1102, 1106–1109, 1243–1244, 1402, 1404, 1406, 1408, 1574, 1985

EDUCATION

Clinical Education

Clinical reasoning process in physical therapy. Payton OD. 65:924–928, 1985
Identifying problems in clinical problem solving: Perceptions and interventions with nonproblem-solving clinical behaviors. Henry JN. 65:1071–1074, 1985
Modified essay question. Stratford P, Pierce-Fenn H. 65:1075–1079, 1985
Using feedback and evaluation effectively in clinical supervision: Model for interaction characteristics and strategies. Henry JN. 65:354–357, 1985

Educational Program Listings

Educational programs in physical therapy. 65:525–532, 1576–1584, 1985

Professional Education

Acceptance of physical therapist assistant course work by programs preparing physical therapists. Brooks BA. 65:48–50, 1985
Beyond lecture and laboratory in the physical therapy classroom. Day JA. 65:1214–1216, 1985
Chapter-organized community support of entry-level physical therapy education: A special communication. Grattan MP, Fitch D, Darnell RE. 65:929–931, 1985
Effect of videotape replay on the quality and accuracy of student self-evaluation. Palmer PB, Henry JN, Rohe DA. 65:497–501, 1985
Obstetrics in the physical therapy curriculum. Hulme JB, Nieman K, Miller K. 65:51–53, 1985
Opinions and comments. 65:966, 1985
Physical therapy competencies in rheumatology. Moncur C. 65:1365–1372, 1985

ELECTROMYOGRAPHY

Comparison of electromyographic activity in the lumbar paraspinal muscles of subjects with and without chronic low back pain. Miller DJ. 65:1347–1354, 1985
Effect of load and carrying position on the electromyographic activity of the gluteus medius muscle during walking. Neumann DA, Cook TM. 65:305–311, 1985
Electromyography results of exercise overflow in hemiplegic patients. Mills VM, Quintana L. 65:1041–1045, 1985

ELECTROTHERAPY

Electrical Stimulation

Comparison of isometric exercise and high volt galvanic stimulation on quadriceps femoris muscle strength. Mohr T, Carlson B, Sulentic C, Landry R. 65:606–609, 1985
  Commentary on "Comparison of isometric exercise and high volt galvanic stimulation on quadriceps femoris muscle strength." Barr JO. 65:609–611, 1985
  Senior author's response to Commentary on "Comparison of isometric exercise and high volt galvanic stimulation on quadriceps femoris muscle strength." Mohr T. 65:611–612, 1985
High voltage stimulation: Effects of electrode size on basic excitatory responses. Alon G. 65:890–895, 1985
Improvement in isometric strength of the quadriceps femoris muscle after training with electrical stimulation. Selkowitz DM. 65:186–196,1985
Opinions and comments. 65:1394–1399, 1985

Ultrasound

Ultrasonic protocols for separately measuring subcutaneous fat and skeletal muscle thickness in the calf area. Weiss LW, Clark FC. 65:477–481, 1985

EQUIPMENT

Clinical use and fabrication of molded thermoplastic foot orthotic devices. (Suggestion from the Field). Doxey GE. 65:1679–1682, 1985
Design for a soft orthosis (Suggestion from the Field). Bruckner J. 65:1522–1523, 1985
Device for carrying a physically handicapped child (Suggestion from the Field). Mast JD. 65:351, 1985
Device for increasing passive ankle dorsiflexion at home (Suggestion from the Field). Bohannon RW. 65:1521, 1985
Device for stretching the hamstring muscles (Suggestion from the field). Dubuc WE, Bohannon RW. 65:352–353, 1985
Effects of selected assistive devices on normal distance gait characteristics. Opara CU, Levangie PK, Nelson DL. 65:1188–1191, 1985
Evaluating the adult with cerebral palsy for specialized adaptive seating. Hundertmark LH. 65:209–212, 1985
Opinions and comments. 65:92–94, 1394, 1985
Orthotic design from the New England Regional Spinal Cord Injury Center (Suggestion from the Field). Lobley S, Rogerson J, Cullen J, Freed M. 65:492–493, 1985
Porous detachable whirlpool seat for improving patient comfort (Suggestion from the Field). Payton HW, Easter SE. 65:1211, 1985
Seating device for multiply handicapped infants (Suggestion from the Field). Montgomery PC, Cashin H. 65:1069–1070, 1985
Selective criteria for successful long-term prosthetic use. Mueller MJ, Delitto A. 65:1037–1040, 1985

ETHICS

Whistleblowing in physical therapy. Banja JD. 65:1683–1686, 1985

GAIT

Effects of selected assistive devices on normal distance gait characteristics. Opara CU, Levangie PK, Nelson DL. 65:1188–1191, 1985
Elbow moment and forces at the hands during swing-through axillary crutch gait. Reisman M, Burdett RG, Simon SR, Norkin C. 65:601–605, 1985
Gait cycle duration in 3-year-old children. Slaton DS. 65:17–21, 1985
Opinions and comments. 65:1240, 1985
Reliability of observational kinematic gait analysis. Krebs DE, Edelstein JE, Fishman S. 65:1027–1033, 1985

Walking patterns of healthy subjects wearing rocker shoes. Peterson MJ, Perry J, Montgomery J. 65:1483–1489, 1985

GERIATRICS

Effects of mental practice on balance in elderly women. Fansler CL, Poff CL, Shepard KF. 65:1332–1338, 1985
Rising from a chair: Influence of age and chair design. Wheeler J, Woodward C, Ucovich RL, Perry J, Walker JM. 65:22–26, 1985

GROWTH AND DEVELOPMENT

Enhancement of two motor functions of the lower extremity in a child with spastic quadriplegia. Laskas CA, Mullen SL, Nelson DL, Willson-Broyles M. 65:11–16, 1985
Motor sequencing strategies in school-aged children. David KS. 65:883–889, 1985
Treatment strategies for emotional-motivational blocks to motor functioning in children. Stott DH, Moyes FA. 65:915–919, 1985

HEMIPLEGIA

Electromyography results of exercise overflow in hemiplegic patients. Mills VM, Quintana L. 65:1041–1045, 1985
Investigation of a new motor assessment scale for stroke patients. Carr JH, Shepherd RB, Nordholm L, Lynne D. 65:175–180, 1985
Lower extremity weight bearing under various standing conditions in independently ambulatory patients with hemiparesis. Bohannon RW, Larkin PA. 65:1323–1325, 1985
Opinions and comments. 65:1091–1096, 1985
Values of activities of daily living: A survey of stroke patients and their home therapists. Chiou IL, Burnett CN. 65:901–906, 1985

KINESIOLOGY

Effects of postural bias during support surface displacements and rapid arm movements. Badke MB, DiFabio RP. 65:1490–1495, 1985
Opinions and comments. 65:1728, 1985
The relationship of heel contact in ascent and descent from jumps to the incidence of shin splints in ballet dancers. Gans A. 65:1192–1196, 1985
Relationship of pelvic and thigh motions during unilateral and bilateral hip flexion. Bohannon RW, Gajdosik RL, LeVeau BF. 65:1501–1504, 1985

MUSCLE STRENGTH

Comparison of isometric exercise and high volt galvanic stimulation on quadriceps femoris muscle strength. Mohr T, Carlson B, Sulentic C, Landry R. 65:606–609, 1985
Commentary on "Comparison of isometric exercise and high volt galvanic stimulation on quadriceps femoris muscle strength." Barr JO. 65:609–611, 1985
Senior author's response to Commentary on "Comparison of isometric exercise and high volt galvanic stimulation on quadriceps femoris muscle strength." Mohr T. 65:611–612, 1985
Dynamics of postural control in the child with Down syndrome. Shumway-Cook A, Woollacott MH. 65:1315–1322, 1985
Improvement in isometric strength of the quadriceps femoris muscle after training with electrical stimulation. Selkowitz DM. 65:186–196, 1985
Knee extension torque during repeated knee extension-flexion reversals and separated knee extension-flexion dyads. Bohannon RW. 65:1052–1054, 1985
Opinions and comments. 65:1238–1240, 1394–1399, 1985
Passive ankle dorsiflexion increases in patients after a regimen of tilt table-wedge board standing (Clinical Report). Bohannon RW, Larkin PA. 65:1676–1678, 1985
Positioning technique for abdominal strengthening (Suggestion from the Field). Figura JC. 65:45, 1985
Relationship of ankle strength and hypermobility to squatting skills of children with Down syndrome. MacNeill-Shea SH, Mezzomo JM. 65:1658–1661, 1985

MUSCULAR DYSTROPHY

Reliability of goniometric measurements in patients with Duchenne muscular dystrophy. Pandya S, Florence JM, King WM, Robison JD, Oxman M, Province MA. 65:1339–1342, 1985

NERVE CONDUCTION

Effect of tendon pressure on alpha motoneuron excitability. Kukulka CG, Fellows WA, Oehlertz JE, Vanderwilt SG. 65:595–600, 1985
Effects of clinical infrared laser on superficial radial nerve conduction. Greathouse DG, Currier DP, Gilmore RL. 65:1184–1187, 1985
Evaluation of sensory nerve conduction velocity testing of the superficial radial nerve. Echternach JL, Levy F. 65:470–473, 1985

NEUROLOGY

Compression of the deep palmar branch of the ulnar nerve (Case Report). Hogue RE. 65:203–205, 1985

NEUROPHYSIOLOGY

One method for assessing the effectiveness of fast brushing. Mason CR. 65:1197–1202, 1985
Role of cerebral cortex in voluntary movements: A review. Cheney PD. 65:624–635, 1985

OBSTETRICS AND GYNECOLOGY

Obstetrics in the physical therapy curriculum. Hulme JB, Nieman K, Miller K. 65:51–53, 1985
Transcutaneous electrical nerve stimulation for pain control during labor and delivery (Case Report). Keenan DL, Simonsen L, McCrann DJ. 65:1363–1364, 1985

PAIN

Ambulation, activity level, and pain: Outcomes of a program for spinal pain. Beekman CE, Axtell L. 65:1649–1655, 1985
Commentary on "Ambulation, activity level, and pain: Outcomes of a program for spinal pain." Deusinger RH. 65:1655–1656, 1985
Senior author's response to Commentary on "Ambulation, activity level, and pain: Outcomes of a program for spinal pain." Beekman CE. 65:1656–1657, 1985
Applications of transcutaneous electrical nerve stimulation in the management of patients with pain: State-of-the-art update. Gersh MR, Wolf SL. 65:314–336, 1985
Comparison of electromyographic activity in the lumbar paraspinal muscles of subjects with and without chronic low back pain. Miller DJ. 65:1347–1354, 1985
Transcutaneous electrical nerve stimulation for pain control after spinal fusion with Harrington rods (Clinical Report). Issenman J, Nolan MF, Rowley J, Hobby R. 65:1517–1520, 1985
Transcutaneous electrical nerve stimulation for pain control during labor and delivery (Case Report). Keenan DL, Simonsen L, McCrann DJ. 65:1363–1364, 1985
Transcutaneous electrical nerve stimulation for relief of parturition pain (Clinical Report). Grim LC, Morey SH. 65:337–340, 1985

PEDIATRICS

Construction of an infant neurological international battery (INFANIB) for the assessment of neurological integrity in infancy. Ellison PH, Horn JL, Browning CA. 65:1326–1331, 1985
Development from birth to 3 years of age of 15 children at high risk for central nervous system dysfunction: Interim report. Campbell SK, Wilhelm IJ. 65:463–469, 1985
Device for carrying a physically handicapped child (Suggestion from the Field). Mast JD. 65:351, 1985
Dynamics of postural control in the child with Down syndrome. Shumway-Cook A, Woollacott MH. 65:1315–1322, 1985
Enhancement of two motor functions of the lower extremity in a child with spastic quadriplegia. Laskas CA, Mullen SL, Nelson DL, Willson-Broyles M. 65:11–16, 1985

Gait cycle duration in 3-year-old children. Slaton DS. 65:17–21, 1985
Motor sequencing strategies in school-aged children. David KS. 65:883–889, 1985
Neonatal assessment: An overview. Connolly BH. 65:1505–1513, 1985
Opinions and comments. 65:1240, 1394, 1557, 1985
Relationship of ankle strength and hypermobility to squatting skills of children with Down syndrome. MacNeill-Shea SH, Mezzomo JM. 65:1658–1661, 1985
Seating device for multiply handicapped infants (Suggestion from the Field). Montgomery PC, Cashin H. 65:1069–1070, 1985
Sensory information and geographical orientation in healthy subjects. Montgomery PC. 65:1471–1477, 1985

PHARMACOLOGY

Bilateral shoulder-hand syndrome associated with phenobarbital administration (Case Report). Reddy MP. 65:201–202, 1985
Cardiovascular Medications. Ice D. 65:1845–1855, 1985

PHYSIOLOGY

Effects of an inverted position on blood pressure, pulse rate, and deep tendon reflexes of healthy young adults. Rheault W, Derleth M, Casey M, Czarnik C, Kania D, Nagel G. 65:1358–1362, 1985

PROFESSIONAL ISSUES

Mentorship: A relationship important to professional development: A special communication. Bohannon RW. 65:920–923, 1985
Physical therapist role satisfaction in the treatment of the spinal cord-injured person. Curtis KA. 65:197–200, 1985
Psychobiological adaptation model for physical therapy practice. Dean E. 65:1061–1068, 1985
Resources for vocational planning applied to the job title of physical therapist. Sobush DC, Kuhne K, Harbers T. 65:1524–1528, 1985

PROFESSIONAL RELATIONS

Assessment of resident physicians' knowledge of physical therapy. Stanton PE, Fox FK, Frangos KM, Hoover DH, Spilecki GM. 65:27–30, 1985

PSYCHOLOGY

Patient-perceived functional outcomes associated with elective hip and knee arthroplasties. Roush SE. 65:1496–1500, 1985
Perceived role responsibilities of physical therapists and adapted physical educators in the public school setting. Blumenkopf M, Levangie PK, Nelson DL. 65:1046–1051, 1985
Physical therapist role satisfaction in the treatment of the spinal cord-injured person. Curtis KA. 65:197–200, 1985
Treatment strategies for emotional-motivational blocks to motor functioning in children. Stott DH, Moyes FA. 65:915–919, 1985

PUBLICATIONS AND AUDIOVISUAL MATERIALS

Publications and audiovisual materials. 65:232, 536, 1122, 1422, 1706, 1709, 1985

PULMONARY

Effect of body position on pulmonary function. Dean E. 65:613–618, 1985
Lumbar traction: Its effect on respiration. Quain MB, Tecklin JS. 65:1343–1346, 1985

RANGE OF MOTION

Effectiveness of repeated prolonged loading for increasing flexion in knees demonstrating postoperative stiffness (Clinical Report). Bohannon RW, Chavis D, Larkin P, Lieber C, Riddick L. 65:494–496, 1985
Effects of a wrapping technique on passive range of motion in a spastic upper extremity. Twist DJ. 65:299–304, 1985
Effects of ankle dorsiflexion on active and passive unilateral straight leg raising. Gajdosik RL, LeVeau BF, Bohannon RW. 65:1478–1482, 1985
Effects of vapocoolants on passive hip flexion in healthy subjects. Newton RA. 65:1034–1036, 1985
Opinions and comments. 65:1728, 1985
Pelvic tilt: Intratester reliability of measuring the standing position and range of motion. Gajdosik R, Simpson R, Smith R, DonTigny RL. 65:169–174, 1985

READING

Comparing two sample means: *t* tests (Reading Tips). Witt PL, McGrain P. 65:1730–1733, 1985
Evaluating research literature: The educated clinician. Domholdt EA, Malone TR. 65:487–491, 1985
Guide for the interpretation of one-way analysis of variance (Reading Tips). Norton BJ, Strube MJ. 65:1888, 1890, 1892, 1895, 1896, 1985
Introduction to hypotheses testing (Reading Tips). Kispert CP. 65:1544–1550, 1985

REHABILITATION

Air splint in preprosthetic rehabilitation of lower extremity amputated limb (Clinical Report). Rausch RW, Khalili AA. 65:912–914, 1985
Opinions and comments, 65:1556–1557, 1985
Primary prevention programs for business and industry: Role of physical therapists. Huhn RR, Volski RV. 65:1840–1844, 1985

ROLE OF PHYSICAL THERAPISTS

Perceived role responsibilities of physical therapists and adapted physical educators in the public school setting. Blumenkopf M, Levangie PK, Nelson DL. 65:1046–1051, 1985
Psychobiological adaptation model for physical therapy practice. Dean E. 65:1061–1068, 1985
Resources for vocational planning applied to the job title of physical therapist. Sobush DC, Kuhne K, Harbers T. 65:1524–1528, 1985

SPLINTING AND CASTING

Air splint in preprosthetic rehabilitation of lower extremity amputated limbs (Clinical Report). Rausch RW, Khalili AA. 65:912–914, 1985
Clinical use and fabrication of molded thermoplastic foot orthotic devices (Suggestion from the Field). Dorsey GE. 65:1679–1682, 1985
Opinions and comments. 65:1556–1557, 1985

STATE BOARD EXAMINATIONS

State board examinations. 65:532–534, 1585, 1985

STATISTICS

Comparing two sample means: *t* tests (Reading Tips). Witt PL, McGrain P. 65:1730–1733, 1985
Guide for the interpretation of one-way analysis of variance (Reading Tips). Norton BJ, Strube MJ. 65:1888, 1890, 1892, 1895, 1896, 1985
Introduction to hypotheses testing (Reading Tips). Kispert CP. 65:1544–1550, 1985

TEMPOROMANDIBULAR JOINT DYSFUNCTION

Temporomandibular joint dysfunction syndrome (Clinical Report). Passero PL, Wyman BS, Bell JW, Hirschey SA, Schlosser WS. 65:1203–1207, 1985

TESTS AND MEASUREMENTS

Construction of an infant neurological international battery (INFANIB) for the assessment of neurological integrity in infancy. Ellison PH, Horn JL, Browning CA. 65:1326–1331, 1985

Cybex® II isokinetic dynamometer for the documentation of spasticity (Suggestion from the Field). Bohannon RW, Larkin PA. 65:46–47, 1985
Developing effective questionnaires. Bork CE, Francis JB. 65:907–911, 1985
Evaluation of testing modalities for peripheral neuropathy in lepromatous Hansen's disease. Kaplan M, Gelber RH. 65:1662–1665, 1985
Intertester reliability for selected clinical tests of the sacroiliac joint. Potter NA, Rothstein JM. 65:1671–1675, 1985
Investigation of a new motor assessment scale for stroke patients. Carr JH, Shepherd RB, Nordholm L, Lynne D. 65:175–180, 1985
Measurement system for low back contour (Suggestion from the Field). Nosse LJ. 65:1212–1213, 1985
Modified essay question. Stratford P, Pierce-Fenn H. 65:1075–1079, 1985
Neonatal assessment: An overview. Connolly BH. 65:1505–1513, 1985
Opinions and comments. 65:782, 1091–1096, 1985
Pelvic tilt: Intratester reliability of measuring the standing position and range of motion. Gajdosik R, Simpson R, Smith R, DonTigny RL. 65:169–174, 1985
Quantitative measure of cutaneous sensation: Two-point discrimination values for the face and trunk. Nolan MF. 65:181–185, 1985
Reliability of goniometric measurements in patients with Duchenne muscular dystrophy. Pandya S, Florence JM, King WM, Robison JD, Oxman M, Province MA. 65:1339–1342, 1985
Reliability of observational kinematic gait analysis. Krebs DE, Edelstein JE, Fishman S. 65:1027–1033, 1985
Sources of goniometric error at the elbow. Fish DR, Wingate L. 65:1666–1670, 1985
Special diagnostic tests and procedures. Johnson MR. 65:1856–1865, 1985
Usefulness of footprint-sequence analysis in lower-limb amputees. Kirby RL, Stewart-Gray JF, Creaser GA. 65:31–34, 1985

THERAPEUTIC EXERCISE

Comparison of isometric exercise and high volt galvanic stimulation on quadriceps femoris muscle strength. Mohr T, Carlson B, Sulentic C, Landry R. 65:606–609, 1985
Commentary on "Comparison of isometric exercise and high volt galvanic stimulation on quadriceps femoris muscle strength." Barr JO. 65:609–611, 1985
Senior author's response to Commentary on "Comparison of isometric exercise and high volt galvanic stimulation on quadriceps femoris muscle strength." Mohr T. 65:611–612, 1985
Contribution of pelvic and lower limb motion to increases in the angle of passive straight leg raising. Bohannon RW, Gajdosik R, LeVeau BF. 65:474–476, 1985
Effect of quadriceps femoris muscle stretch on knee extension torque. Bohannon RW, Gibson DF. 65:312–313, 1985
Effectiveness of repeated prolonged loading for increasing flexion in knees demonstrating postoperative stiffness (Clinical Report). Bohannon RW, Chavis D, Larkin P, Lieber C, Riddick L. 65:494–496, 1985
Effects of ankle dorsiflexion on active and passive unilateral straight leg raising. Gajdosik RL, LeVeau BF, Bohannon RW. 65:1478–1482, 1985
One method for assessing the effectiveness of fast brushing. Mason CR. 65:1197–1202, 1985
Opinions and comments. 65:965–966, 1394–1399, 1728–1729, 1985

THESES AND DISSERTATIONS

Theses and dissertations—Titles. 65:123–131, 1985

TRACTION

Effect of intermittent, supine cervical traction on the myoelectric activity of the upper trapezius muscle in subjects with neck pain. Jette DU, Falkel JE, Trombly C. 65:1173–1176, 1985
Lumbar traction: Its effect on respiration. Quain MB, Tecklin JS. 65:1343–1346, 1985
Unilateral traction in conjunction with heat modalities, proper positioning, and exercises for a herniated nucleus pulposus (Case Report). Manus-Garlinghouse N. 65:1208–1210, 1985

TRANSCUTANEOUS ELECTRICAL NERVE STIMULATION

Application of 24-hour burst TENS in a back school. Brill MM, Whiffen JR. 65:1355–1357, 1985
Applications of transcutaneous electrical nerve stimulation in the management of patients with pain: State-of-the-art update. Gersh MR, Wolf SL. 65:314–336, 1985
Opinions and comments. 65:370, 1985
Transcutaneous electrical nerve stimulation for pain control after spinal fusion with Harrington rods (Clinical Report). Issenman J, Nolan MF, Rowley J, Hobby R. 65:1517–1520, 1985
Transcutaneous electrical nerve stimulation for pain control during labor and delivery (Case Report). Keenan DL, Simonsen L, McCrann DJ. 65:1363–1364, 1985
Transcutaneous electrical nerve stimulation for relief of parturition pain (Clinical Report). Grim LC, Morey SH. 65:337–340, 1985
Use of transcutaneous electrical nerve stimulation for a patient with a cardiac pacemaker (Case Report). Shade SK. 65:206–208, 1985

WRITING

Criteria for acceptable manuscripts. 65:1552–1554, 1985
Twenty tips for conquering writing anxiety (Writing Tips). Shilling LM. 65:1113–1116, 1985

Author Index

A

ALON G: High voltage stimulation: Effects of electrode size on basic excitatory responses. 65:890–895, 1985
ATWOOD JA, Nielsen DH: Scope of cardiac rehabilitation. 65:1812–1819, 1985
AXTELL L: See Beekman CE

B

BADKE MB, DiFabio RP: Effects of postural bias during support surface displacements and rapid arm movements. 65:1490–1495, 1985
BANJA JD: Whistleblowing in physical therapy. 65:1683–1686, 1985
BARR JO: Commentary on "Comparison of isometric exercise and high volt galvanic stimulation on quadriceps femoris muscle strength." 65:609–611, 1935
BEEKMAN CE: Senior author's response to Commentary on "Ambulation, activity level, and pain: Outcomes of a program for spinal pain." 65:1656–1657, 1985
BEEKMAN CE, Axtell L: Ambulation, activity level, and pain: Outcomes of a program for spinal pain. 65:1649–1655, 1985
BELL JW: See Passero PL
BLESSEY R: Epidemiology, risk factors, and pathophysiology of ischemic heart disease. 65:1796–1805, 1985
BLUMENKOPF M, Levangie PK, Nelson DL: Perceived role responsibilities of physical therapists and adapted physical educators in the public school setting. 65:1046–1051, 1985
BOHANNON RW: Mentorship: A relationship important to professional development: A special communication. 65:920–923, 1985
BOHANNON RW: Knee extension torque during repeated knee extension-flexion reversals and separated knee extension-flexion dyads. 65:1052–1054, 1985
BOHANNON RW: Device for increasing passive ankle dorsiflexion at home (Suggestion from the Field). 65:1521, 1985
BOHANNON RW, Chavis D, Larkin P, Lieber C, Riddick L: Effectiveness of repeated prolonged loading for increasing flexion in knees demonstrating postoperative stiffness (Clinical Report). 65:494–496, 1985
